

TYPE	HEIGHT in mm.	LENGTH in mm.	ELECTRIC ELEMENT
BLADEVE	1700	250	750 W.

The radiators come without a thermostat as standard. In this case, the radiators are intended for localized supplementary heating, towel warming, or as part of a centrally controlled heating system (not included). Optionally, a programmable thermostat can be chosen. In that case, the radiator can be used as the main heating source.
